

Global Climate Action: Perspectives on Major Energy Initiatives in China, India and the United States

Please join us for a discussion with leaders from China, India and the United States to discuss major climate initiatives from a multi-stakeholder perspective – including a coal consumption cap in China, expansive renewable energy growth and energy efficiency measures in India, and the Clean Power Plan in the U.S.

Organizers

Natural Resources Defense Council (NRDC)

Global Environmental Institute (GEI)

TERI Council for Business Sustainability (CBS)

Thursday 10th December, 11:30-13:00, Observer Room 01
